

Building in the Promise

Vision

St. Paul Lutheran Church has an opportunity in our community to connect people to Jesus, to each other, and to serve the needs of the world.

The promise from Jesus as we go throughout the world and make disciples of all nations is that He will be with us always. We are going to build our community in that promise. In an increasingly disconnected and discouraged world the people of St. Paul Lutheran Church are going to reach into our community with words and deeds that are filled with the promise that Jesus loves us from death to life.

Building on the promise, we are proposing a three-phase master plan. This plan involves a family life center, a new sanctuary, and an education wing that could be used as an early childhood center. The church is not going to be this building program. The church is built on the foundation of Jesus Christ. These three phases are designed to support our community as we reach out with the good news of life in Jesus.

Near Term Timeline

January 15 – The initial presentation of this master plan at Voters' Meeting

Cottage Meetings for deeper conversation about the goals of this plan will take place at St. Paul. Everyone is encouraged to attend one of these cottage meetings.

- Saturday, January 28th – 2:00 p.m.
- Thursday, February 2nd – 10:00 a.m.
- Wednesday, February 15th – 7:00 p.m.

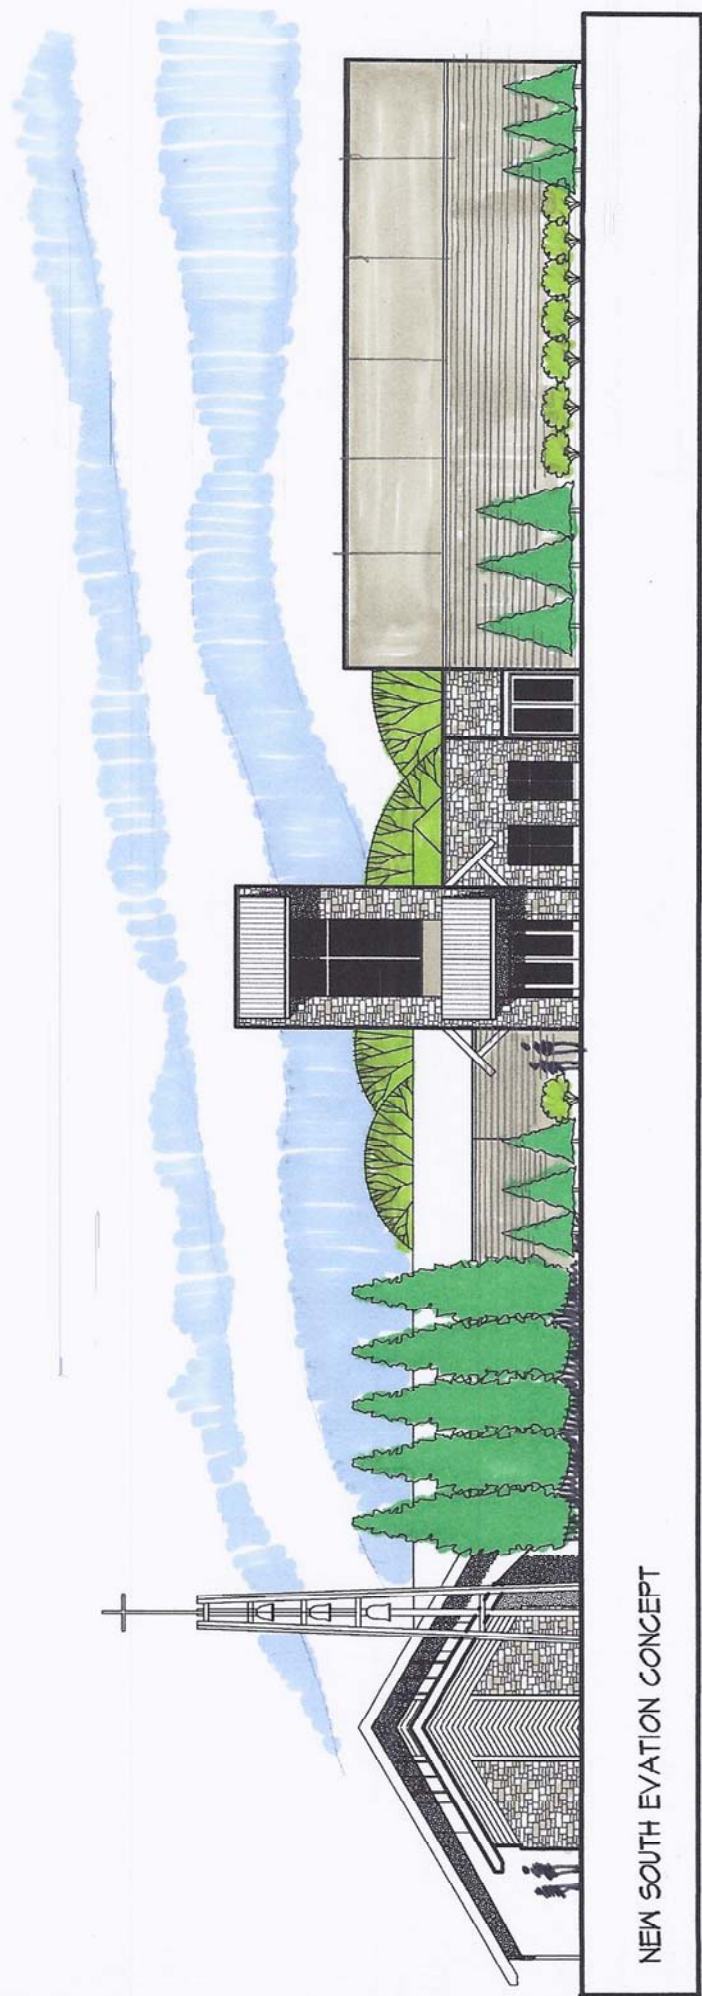

January – February – Surveying the congregation through Survey Monkey about the plan and conducting a feasibility study to determine the potential to invest in this plan

February 26 – Opportunity for the Congregation to support going forward at Voters' Meeting

Drawings

Examine the drawings that illustrate the possibilities of how we can use our facilities to reach our community with the good news of Jesus.
